

Dear Parent/Guardian-

Pace Brantley is a 1 to 1 iPad school. All students are required to have and bring to school a full-size iPad (not mini) that meets the following requirements:

Minimum Requirements

- 4th Generation or Higher full-size iPad (12.9 inch iPad Pro is NOT recommended and can not be insured)
- 16 GB or higher
- Military style protective case

Insurance

Student iPads are insured by the school through Worth Ave. Group. Parents are required to complete the form located on our website in order for iPads to be insured. Our insurance policy is updated quarterly, so new devices can be added at a later date. **For iPad insurance to be valid, all student iPads must be in a military style protective case.** In the event an iPad becomes damaged and needs to be sent out for repair, a military style case must be provided before a student will receive their repaired iPad.

Any iPad that is uninsured will not be eligible for repair through the school. Students whose iPads are sent out for repair by the school will be given a Pace Brantley owned iPad for school use until their device is returned. Students that have uninsured iPads will not be eligible for a loaner iPad and the family will be responsible for providing a working device for the student.

As part of your child's acceptance to Pace Brantley School, we require the following information regarding any and all iPads that will be used by your child on campus.

- Student Name _____
- Model of iPad _____
- Capacity _____
- Serial Number _____
- Apple ID _____
- Apple ID Password _____ *Passwords will be kept confidential

Parent/Guardian Name _____ Signature _____
